Audit Services

At Business Square, we provide independent and comprehensive audits of financial statements to ensure accuracy, and compliance with both Egyptian and International Financial. We assist businesses in meeting their regulatory obligations through detailed compliance audits.

01

Financial Statement Audit And Review

At Business Square, we provide independent and comprehensive financial statements to ensure accuracy, integrity, and compliance with Egyptian GAAP and International Financial Reporting Standards. Our financial audits go beyond compliance—they provide stakeholders with the information they need in your financial reporting, enhance corporate transparency, and support effective decision-making.

02

Compliance & Regulatory Audits

We assist businesses in meeting their regulatory obligations through compliance audits tailored to Egyptian and international requirements. Our team identifies any gaps in adherence to legal and specific regulations and provides practical recommendations to improve internal processes and reduce exposure to non-compliance risks.

03

Special Purpose Audits & Agreed – Upon Procedures

When your organization requires assurance over specific financial information, Business Square offers tailored special purpose audits and agreed-upon procedures (AUPs). Whether it's auditing a grant, a project, or a specific report, our work is based on mutually agreed objectives to meet reporting requirements for stakeholders or regulators.

04

Other Attestation Reports

Legal Services

At Business Square, our Legal experts in Egypt and Our other branches in Saudi Arabia and the UAE are seasoned professionals with deep expertise across all forms of dispute resolution commercial, Their comprehensive courtroom experience enables them to act decisively.
